## Capsule Summary

Inventory No. PG: 77-45

Property Name: Administrative Offices #03763

Location: Andrews Air Force Base

Ownership: Public/Military

Date of Construction: ca. 1944

Building #3763 was originally constructed as a mechanical facility for the base. Located on the east side of the installation, the structure is a small, one-story tall concrete block structure built in 1944. It was built as a rectangular building, with a low-sloped, built-up roof. The building now has two additions on the rear, making it "U" shaped in plan. Currently, the structure has one-over-one, double-hung windows, and a canopy over its main and rear entries. The interior of the structure has been modified to accommodate administrative use.

Currently used for administrative offices, Building #03763 appears to have been a laundry constructed in the second wave of work at the base, in 1944. The structure has undergone numerous changes since its construction, including the addition of an entry at the front and rear, the replacement of original doors and windows, a new roof, and the installation of new interior partitions. The building retains the original concrete block exterior appearance.
